Dear To Whom This May Concern:

Although I have only had the pleasure of working with Pete Montana for six months, I have been familiar with his reputation and career in the HVAC Industry for many years. Progressing through the ranks gave Pete an invaluable education and perspective to an ever-evolving industry. The development and success of Reliance Mechanical alone is a testament to Pete's knowledge, skills and networking abilities. Although I only worked with Pete for six months, his guidance was instrumental in the successful development of a new residential division at RMS. Pete was always available to lend a hand with project designs, specifications and applications. In short Pete's knowledge and vast industry resources and relationships will be sorely missed by RMS and their clientele.

Sincerely,

Tom Tuohy
